FORGINGS & GEAR CUTTING

BHARAT FORGE

Martin

Ameriforge

Open Die

- Shafts & Spindles, Rings, Bars, Discs, Cylinders, Sleeves, & Blocks
- Up to 150,000 lbs, 35ft in length, and 80" Diameter

Closed Die & Upset

- Up to 20" Height, 100" OD; From 20 lbs to 6,000 lbs
- Upset Forgings
- Crankshafts-Rough or Finish Machined

Rolled Rings

- Up to 160" OD and 26" face height
- Custom profiles of contoured rolled ring products, such as flange forgings

In-House: Melt, Heat Treat, Machining up to 30ft, Welding, Gear Cutting, Paint, Plating, Metal Fab, Assembly & Testing

Materials: Carbon & Alloy Steel-including Stainless, Aluminum & High Temp Nickel Alloys, Tool Steel

CASTINGS

Hawver
Aluminum Foundry Inc.

Martin

TALLADEGA
CASTINGS & MACHINE CO.

Investment Castings

- Up to 150 lbs

Sand Castings

- DisaMatic, Automatic to Floor Molding, No Bake

Permanent Mold Castings

Centrifugal Castings

- Maximum of 100" OD & 60" long and 6,000 lbs

Other Domestic Processes

- Powder Metal, Die Castings & M.I.M.

Overseas Sourcing - Various Alloys & Processes

Alloys

- Grey Iron - up to 50,000 lbs
- Ductile Iron - up to 20,000 lbs
- Aluminum - up to 1,000 lbs
- Bronze/Brass - up to 6,000 lbs
- Steel - up to 10,000 lbs
- Titanium & Other High Temp Alloys - up to 800 lbs
- Copper & Manganese - up to 20 lbs

*In-House Machining and Pattern Shops

SWISS MACHINE, SCREW MACHINE & CNC

Multi-Axis CNC Machining

- Including 5 Axis

Screw & Swiss Machining

- Acme & Davenport
- Fixed Headstock & Swiss Multi-Axis Lathes
 - Up to 40"- Precision to .001"
- Round Bar up to 3.5" in Diameter
- Chuck Loading up to 10"
- Secondaries: Rotary Transfer, Gun Drills, Broaching & Benders

CNC Lathes & Mills

- Milling up to 163" x 50"
- Turning up to 90" Diameter
- Gear Cutting up to 80" in Diameter
- Spline Cutting 216" in Length
- Cladding and Welding - 40,000 lb Table

Gears

- Spurs and Helical Gears up to 75" OD
- Bevel Gears up to 32" OD
- Worm Gears up to 40" OD

SanCo

SALES, INC.

A Manufacturers Representative Corporation

METAL STAMPING

- Short Run Stampings and Assemblies from 100 to 100,000 pieces
- Presses from 20T to 400T, 4000w Mazak Auto-Feeding Laser
- Low Cost Tooling, Robotic Welding, Assemblies and Secondaries

ALUMINUM EXTRUSIONS

- Fabricated / Finished Aluminum Extrusions: machined, cut to length
- Capabilities include: High Fin Ratio Heat Sinks, Thin Wall Tubing and Profiles, Complex Shapes, In-House Powder Coating

WIRE HARNESES

- Custom Wire Harnesses Including Battery & Cable Assemblies
- Prototypes to High Volume
- USA & Asia Manufacturing Available

PLASTIC - INJECTION MOLDING

- 11 Injection Molding Machines, up to 1,500 tons
- Maximum Mold Height: 68"
- Engineered Grade Plastics and Silicone
- Shot Capacity from 3 to 232 oz by 52"

PLASTIC - EXTRUSIONS

- Profile Extrusions, Injection Molded Parts, Engineered Polymers, Co-Extrusions
- Presses from 55 to 720 Ton, Gas Assist, Insert Molding & Secondaries

FASTENERS & HARDWARE

- Cold Heading-Diameters from 0 to 5/8 up to 8" Long (same in metric)
- Materials Ranging from Low Carbon Steel to High Alloy, Stainless, Brass, Bronze and Aluminum
- Product Range-Sems, Machine Screws, Tapping Screws, Thread Forming/Cutting Screws, Hilos, Flange Bolts, Double End Studs, Socket Products and Multi-Die Heading Capabilities

OVERSEAS SOURCING

- ISO Certified Pre-Qualified Asian Suppliers with American Employed Engineers On-Site
- Asia, India & Middle East Manufacturing Sources
- Warehousing Available in North Texas
- Rubber, Plastics, Springs, Castings, Assemblies and much more...

SanCo

SALES, INC.

A Manufacturers Representative Corporation

SanCo Sales is a manufacturers' representative agency that had its beginning in a desire to serve customers in a manner that enhanced their value. The charter for SanCo Sales is to Focus on You the Customer, to Think Process and to Assess the Unique Value-Added Capabilities brought to you by SanCo Sales and its principals and use them to the benefit of you and your company.

CUSTOMER TESTIMONIALS

“SanCo's service is outstanding and they represent a diverse range of high quality facilities. Great communication and quick to solve any problem that arises.”

-Danny Gray, Senior Buyer at Emerson Process Management

“I am a current client of SanCo Sales and have worked closely with them for the last 9 years. SanCo is extremely customer focused and goal/detail oriented. SanCo makes it happen and they make my job easier. Every member of their staff is very professional and their business acumen is second to none”

-Stephanie Wallace, Supply Chain Manager at Gardner Denver Thomas”
